

Aqua Klean Filter Cleaning Instructions

The following are step-by-step instructions on caring for your Aqua Klean filter bag(s):

1. TURN OFF POWER TO THE SPA – OR – SET THE SPA TO ECONOMY MODE
 2. REMOVE LARGE O-RING
 3. PULL FILTER BAG OUT OF THE PLASTIC FILTER HOUSING USING THE BUILT-IN HANDLE
 4. PLACE FILTER BAGS IN CLOTHES WASHING MACHINE ON GENTLE CYCLE
 5. ADD 1/4 CUP BLEACH TO CLOTHES WASHING MACHINE
 6. ADD 1/2 “CAPFUL” OF LIQUID LAUNDRY DETERGENT IMPORTANT: LIQUID LAUNDRY DETERGENTS ARE CONCENTRATED AND THEREFORE HAVE DIFFERENT LEVELS OF ACTIVE INGREDIENTS. SINCE THE “CAP” ON THE BOTTLE IS THE MOST COMMONLY USED MEASUREMENT DEVICE, IT IS IMPORTANT THAT YOU ONLY ADD 1/2 “CAPFUL”
 7. UPON COMPLETION OF THE LAUNDRY CYCLE, REMOVE FILTER BAGS (DO NOT DRY) AND REPLACE THEM ONTO THE PLASTIC FILTER HOUSING
 8. ENSURE TO REPLACE THE LARGE O-RING ONTO THE FILTER BASKET AND OVER THE FILTER BAG
 9. TURN ON POWER TO THE SPA – OR – SET THE SPA TO OPERATE IN NORMAL MODE
- The frequency of cleaning is dependent on the amount of spa usage, type and amount of spa chemicals used and other factors such as your body chemistry, etc.
